» battery / 12 volt portable LED hand lamp

ATTENTION
Instructions For Proper Use
• Use a key
• Plug in 12 volt cord to handle for 12 volt power
• Unplug 12 volt power cord to use on battery power
• Fully extend 12' cord before using.
• LED automatically switches from battery power to 12 volt power
• Instant power cord functionality for storage
• Works with alkaline or major brand's double batteries
• Do Not mix battery types
• Do Not modify this power supply in any way
• LED batteries included
WARNING: Overcharging these batteries could result in fire or cause fluid leaks.
